

We added the pictures into the original letter and added a description for each picture to make it easier to understand. The text itself is original

Per Mail 30. 04. 2015

Dear Eberhardine Seelig

Here are a few photos. Thank you for the help!

The cloth collection is properly organized so that those in need are able to find something.

Photos of children's psychiatric hospital.

You only see the entrance to the children's psychiatric hospital. Here came the bedclothes to god use.

A small part of the bedclothes has been sent to the centre for the elderly, who were taken from the war zone

The old men in the reception camp probably hadn't had bedclothes for some time

We continue distributing humanitarian aid. Here is the letter we received:

With all our respect and appreciation we thank you.
Now aged refugees who have no relatives got new linen and warm clothes.
We appreciate any help in this difficult time and we are glad that there still are kind hearts which support anyone in need.

God bless you and your families!
We wish you success and luck in things you are doing!

Best regards

Sergey
